Arena Dimensions

A. Arena Pony Express Races are run inside a closed arena. The race is run in a counter-clockwise direction with the fence being the outside boundary and four markers designating the inside of the lane. These markers must be at least thirty (30) inches in height. Plastic fifty-five (55) gallon drums are preferred with at least two (2) inches of sand or water as ballast. The inside markers should be one hundred eighty (180) feet apart on the long side and ninety (90) feet across the ends. This should leave at least twenty-five (25) feet running room between the markers and the sides and at least fifty (50) feet at the ends.

B. The foregoing paragraph is for the official arena size, but the races may be run in smaller arenas if the team captains are consulted by the host and ground rules are set.

C. The goal is a drum or barrel twenty-two (22) inches in height placed in the center of the four (4) markers near the middle of the arena. It is suggested that a regular thirty (30) gallon drum cut off to twenty-two (22) inches with at least two (2) inches of sand as a ballast be used. The goal barrel must have a bottom in it.

Player Eligibility

A. Teams shall be made up of riders from any club that is affiliated with the NARC & SP. All members of the team must be members in good standing of such club. Entry fees and rosters for National Pony Express Finals are to be turned into the National Pony Express Chairperson ten (10) days before the event.

B. The classes for this competition shall be:

Open

Who must be age 15 or over. They may be men, women, or mixed.

Juniors

Must be 15 or under with a non riding adult captain.

Timed

Intermediates 15 years of age or older on or before January 1st shall have the option to ride in either the Junior class or the Senior class. There shall be no mixing of classes either to form a team or to compete against each other, with the exception of timed teams.

To qualify to ride for a team at PonyExpress Finals, a rider must appear on that team's roster three times during the qualifying tournaments. All teams must compete in all but one tournament to be eligible to compete at Pony Express Finals. Team captains will turn in their rosters to the National Secretary or an appointed person during or immediately following the captain's meeting.

C. Each District will be allowed to send as many teams as possible in each class to Pony Express Finals.

D. All brackets must have two teams to compete in a tournament, with the exception of the Junior class.

Equipment

A. Two sets of saddlebags, each of different color, are to be used the same as the baton in relay race is used. These bags should not be less than seven (7) by eight (8) by thirty (30) inches nor larger than ten (10) by twelve (12) by thirty-six (36) inches and should weigh two and one-half (2-1/2) to three (3) pounds each. Snaps or zippers should be used, buckles will not be permitted.

B. The head judge will be mounted and equipped with a whistle, with which to start and stop the race.

C. Neither the horse nor rider shall use any unnatural or artificial equipment such as hot shots, buzzers, or any item other than riding equipment, which should be regular western gear.

D. The use of helmets is encouraged.

Teams

Timed class shall consist of 8 people with 2 being substitutes. Open class shall consist of 9 people per team with 7 people riding and 2 substitutes. In case of an accident, a substitute rider and/or horse will continue the game.

Description of Race

A. Prior to the start of the race, the first rider of each team will enter the arena. It is the responsibility of these first two riders and the starting judge to get the horses off to a fair and equal start within the vicinity of the Number 1 marker. The method of starting shall be discussed in a ground rule meeting of the team captains prior to the start of the race or tournament. The starting judge is responsible to recall the starting riders if either gets an unfair start. The judge may solicit help of the announcer to recall the riders.

B. The first riders complete their counter clockwise runs around the four markers returning to the Number 1 marker and hand-off to their second riders between the fence and the goal barrel limited by the Number 1 marker and the Number 2 marker.

The rider handing off will exit from the pattern by turning to the middle of the arena before the rider gets to the Number 2 marker. It is a disqualification if the exchange is not made, or if the rider handing off does not turn inside the Number 2 marker. The rider is not blocking as long as the rider maintains this course. It will not be a disqualification to pitch the saddlebags while making a hand-off.

After the retiring rider has brought the horse under control in the inside area of the arena, the rider will retire from the arena upon the exit judge's signal.

Each rider must follow the pattern of the starting horse except the last rider who, upon completion, will put the bag in the goal barrel.

It is the responsibility of the retiring rider not to interfere with the competing horses. The rider should leave the arena behind the running horses, not in front of them.

D. If a rider runs inside any marker or breaks the pattern in any way, the rider must correct the pattern before the rider continues the race; or the rider will be disqualified. If a rider drops the saddlebags, the race continues. The bags are to be recovered cautiously, without blocking, by the rider who dropped the bags.

F. If a horse or rider falls in the arena during the race, the race and/or clock will be stopped for the safety of both horse and rider.

G. If the race is stopped the judge shall start the race at the point where the riders were located when the race was stopped.

Protests

Protests are not allowed. The judges' ruling is final.

Disqualification

A. Defensive blocking is a disqualification. Defensive blocking is to place yourself and your horse in such a position as to obstruct your opponent when you are not effectively pursuing your course. Offensive blocking, when you are in the act of running your pattern, or handing off, or receiving the saddle bags is legal if you are moving forward in the process of running your pattern. If you are ahead of your opponent, you may at your own risk, run a close pattern, even though you crowd your opponent into the marker.

B. Judges may disqualify riders for use of profane language, fighting, or disorderly conduct of any kind. The use of alcohol is justification for disqualification. If, in the judge's opinion, any rider flagrantly disobeys any rule, the judge can, at the judge's option, expel any rider for the remainder of the year.

C. The striking of a horse (yours or an opponent's) with any equipment including saddlebags, quirts, bats, or reins inside the arena is a disqualification.

D. No rider is permitted to handle an opponent's equipment in any manner.

E. Not correctly completing the pattern is a disqualification.

F. Any rider who interferes with an opponent's horse, either by getting in the opponent's way or by placing the horse in such a position as to cause an opponent's horse to try to follow out a gate, is disqualified.

- G. Deliberately kicking the barrels or handling of the barrels by a person with their hands is a disqualification, including the goal barrel.
- H. A rider circling to the right in the running area is disqualified, except the last rider after reaching the goal barrel.
- I. A retiring rider must leave the arena upon the exit judge or official's signal.
- J. If the outside horse pushes the inside horse inside any corner barrel and goes in also, the outside horse shall be disqualified.
- K. If a team does not have a complete roster at the start of the first race, they will be disqualified for that race and for all races thereafter for which they do not have a full roster.
- L. Running the horse through the entry gate will be cause for disqualification.

Officials

A. Judges - Each race shall have four judges, with all judges wearing identifying vests. The *Head Judge* will be the starter, and will watch for incorrect patterns and hands-off out of the hand-off zone. Judges will be paid an amount at the committee's discretion.

The *second judge* will work in the vicinity of the Number 2 marker, and will watch for all rule violations. This judge will be primarily responsible for observing for the completion of the hand-off and turning of the riders. Both the head and second judges will be mounted and equipped with whistles.

The *third judge* will be the exit judge. This judge will signal the retiring riders when to exit the arena. This judge will be on foot. The exit judge will be the #2 barrel setter located at the end of the hand off area. This judge is optional and can be substituted with an exit official.

When carried single file, the American flag should lead, the State flag should be next, and the club flag last in order. In the case of the Association flags being carried in parades, it is the general practice for it to lead the parade behind the American and State flags or in front of the first mounted group.

Sit straight in the saddle and keep the horse under control. Stay in line and keep the horses evenly spaced. Smoking and boisterousness are not considered the best ethics.
